

GRPD::Model::ParticleManager::getGeomDataPtr

GRPD::Model::ParticleManager::getIntDataPtr

GRPD::Utils::DataExtractor::getScalarPtr

```
graph LR; A[GRPD::Model::ParticleManager::getGeomDataPtr] --> C[GRPD::Utils::DataExtractor::getScalarPtr]; B[GRPD::Model::ParticleManager::getIntDataPtr] --> C;
```

The diagram illustrates a dependency or mapping between two source functions and a target function. On the left, two white rectangular boxes with black borders contain the function names 'GRPD::Model::ParticleManager::getGeomDataPtr' (top) and 'GRPD::Model::ParticleManager::getIntDataPtr' (bottom). On the right, a gray rectangular box with a black border contains the function name 'GRPD::Utils::DataExtractor::getScalarPtr'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both source functions are associated with or mapped to the target function.
